FIRST ANNOUNCEMENT

Dear colleagues,

The Croatian Nursing Association in Neurology have a pleasure to invite you to their 4th Congress with International Participation to be held on September 15-18, 2010 at Hotel Milenij in Opatija, Croatia.

The Prospects of Nursing Development in Neuroscience as the main topic of the Congress will certainly be addressed by a number of authors and discussed during the Congress.

The introductory **Panel Discussion** on September 15, 2010 (Wednesday) will be the first opportunity for it.

As high expectations have been set for this 4th Congress, it is organized with the support from the World Federation of Nurses in Neuroscience (WFNN) and European Association of Nurses in Neuroscience (EANN).

The Congress will gather renowned experts from the Republic of Croatia, Europe, United States of America and neighboring countries, thus offering an excellent opportunity for the exchange of experience in the selected topics.

The program of the Congress will include panel discussions, plenary lectures, poster section and workshops.

The topics of the Congress are as follows: Quality Monitoring; Life-Long Education and Competencies; Work Standards; New Technologies in Neurology; and Free Topics.

Congress participants will be offered a number of professional, properly prepared workshops and a variety of interesting posters.

The town of Opatija and Hotel Milenij will host our Congress for the second time, and we will do our best to use some time beyond the professional and scientific program for pleasant gatherings and sight-seeing of this beautiful littoral town and its surroundings.

I invite you hereby to take active part in the Congress and to submit your **language edited contributions by May 1, 2010**, to the e-address: umsthn@umsthn.hr, or by post to the mail address: University Department of Neurology, Attn.: Lenka Kopačević, Sestre milosrdnice University Hospital, Vinogradska cesta 29, HR-10000 Zagreb, Croatia.

All accepted papers will be published in the Congress Proceedings.

All information on the Congress can be found on the website: www.umsthn.hr/kongres4

Please contact Congress president for any additional information on the Congress.
